What our clinics are saying;

“With the help of the workbook, the training CD's and the document CD's, I built my HIPAA compliance program. I quickly discovered having a program and keeping that program active and dynamic were two different things. That problem was solved when Dr. Ty told us about the new MMM program during one of his educational webinars. I joined the MMM program the same day. This is such a great program. I now get a monthly email containing a Quick Check Audit, a monthly security reminder and a customized review/evaluation for the month. I'm happy to say our HIPAA Compliance program is active and dynamic and I have Dr. Ty to thank for the peace of mind that comes with that. - Best Regards, James Harris, D.C.”
